ASSESSMENT NOTICE.

INYO CANAL COMPANY.—Location of principal place of business, Carson City, Nevada. Location of works, Owens Valley, Inyo County, California.

Notice is hereby given that at a meeting of the Board of Trustees, held on the first day of May, 1888, an assessment (No. 1) of twenty-five cents per share, was levied upon the capital stock of the corporation, payable immediately in United States Gold Coin, to the Secretary at the office of the Company, in Carson City, Nevada.

Any stock upon which this assessment shall remain unpaid on the TWENTY-NINTH DAY OF MAY, 1888, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Tuesday, the TWENTY-SIXTH DAY OF JUNE, 1888, to pay the delinquent assessment, together with costs of advertising and expenses of sale. By order of the Board of Trustees.

T. R. HOFER, Secretary.

Office—At the Bullion & Exchange Bank, Southeast corner of Carson and Procter Streets, Carson City, Nevada.

H. B. DAVISON, M. D.,

Graduate of Jefferson Medical College, Philadelphia.

(REGULAR)

PHYSICIAN AND SURGEON.

CARSON CITY, NEV.

OFFICE—Hickel Building.

HOURS—11 A. M. to 1 P. M. and 7 to 9 P. M.

J. H. DOWNEY,

MERCHANT TAILOR.

Makes fashionable suits to order.

Charges moderate and satisfaction guaranteed.

Corbett's Block, opposite Mint. Carson City, Nev.

J. R. REDMAN, M. D.

Physician, Surgeon and Obstetrician.

Chronic diseases, as well as those peculiar to females, a specialty.

Prepared to treat diseases amenable to electricity.

Office in Hickel block. Office hours 10 to 12 A. M., 2 to 4 and 7 to 9 P. M.

ALL BORTH.

—Seven funerals this week.
—Charley Devonport is in town.
—Jim Welsh of Empire is dangerously ill.
—Governor Stevenson is back from California.
—T. Coffin was out on the street yesterday with a cane.
—C. W. Grover of the Elko Independent is in the city.
—H. Schneider of the Boston Bakery is very sick with gall stones.
—W. C. Howard advance agent of the Bannmann theater troupe was in the city yesterday.
—Mrs. E. B. Rail will spend the Summer in Carson and at the Lake. She is stopping at the Ormsby.
—Blumenthal and Cohn have secured the agency for Porter Slessinger's \$3.75 calf shoe. Try a pair.
—Joe Oleovich is in Carson, he says there is no place like Carson for health and reports business good.
—Although John Dennis has been bounced Oliver Roberts is still the authorized local reporter of this paper.
—It is said that Sewell has not yet decided to accept the nomination for Supreme Judge. He resides at Oakland.
—Thug Jossylin of San Francisco has been sentenced for eleven months. Rather light for a man of his stripe.
—Sam Longbaugh is putting 16,000 cords of wood in the Carson River at Mount Bullion and will start the drive about the 20th.
—Whether on land or at sea, or on the prairie or in the crowded city, Ayer's Pills are the best cathartic, being convenient, efficacious and safe. For torpid liver, indigestion, and sick head ache they never fail.
—There is no danger to human life more to be dreaded than that which arises from vitiated blood. Dyspepsia, rheumatism, headache and general debility, all arise from it, and are cured by the use of Ayer's Sarsaparilla. Take it this month. Six bottles, \$5.
—A Democrat remarked the other day that Bartine used to feed batteries only a few years ago.
But a few years before that the batteries were fed at him by the very men who are now shouting so loud for the Democratic ticket. On neither occasion did Bartine shrink from his duty.
—Dr. McGlynn declares that the United Labor party will have a ticket in the field this Fall and "will poll a vote that will awe the two old parties and probably prove the death of one of them." In these circumstances, of course, the National Committee of the more-endangered party should lose no time in sending a confidential agent to have a little talk with Dr. McGlynn.

A New Industry For Nevada.
An English firm has sent out a man to examine and report upon the Nevada deserts as a place for the raising of ostriches on an immense scale. The demand for the feathers of these kingbirds far exceeds the supply, and it is thought that the Nevada deserts are, in some respects, like their natural homes, and they could be raised without feeding or care; all necessary would be herders to keep them within bounds.

Young Men's Republican Club.
All the young men in Ormsby County interested in the organization of a Young Men's Republican Club are requested to meet at the District Court Room on Saturday May 19th, at half past seven o'clock. Every young man in the County who has the welfare of the Republican Party at heart is urged to be present.

The Camp-Fire.
There was a large gathering last evening at the Camp-Fire and everybody thoroughly enjoyed themselves. The Camp-Fire of the Custer Post is getting to be one of the institutions of the city.

Bell Conservatory.
Send to the Bell Conservatory, Sacramento, for half a dozen of their Grand Carnations, 25 cents each. Ever-blooming roses 35 to 50 cents each, all in pots. a28c

ASPERCET.

Dr. Bishop to Experiment with the German Forage Plant.
Dr. S. Bishop is in receipt of a package of aspercet seed from Dr. W. Bersman, formerly of Reno but now in Berlin. Accompanying the package, which was purchased of Gustav Otto Solomon, No. 70 Landsberger Strasse, Berlin was a letter, in which the Doctor gives directions for its planting and cultivation.

They are as follows: The aspercet seed wants to be soaked for twenty-four hours in warm water before planting, so as to soften the outer shell. After the seed has been put in the ground, sprinkle the ground a little morning and night for a week or two, or until you can see that the seed is started. After that, it is supposed that the grass will make its own way. The water for soaking the seed must be warm, but not hot. Dr. S. Bishop will experiment with the seed, and will sow a portion on the farm of the State Insane Asylum and the remainder on his ranch in Spanish Spring Valley.

In his letter Dr. Bergman calls the seed aspercet, which is undoubtedly correct, and not "espercet" as Sam Davis calls it, or "espercette" as Dan DeQuille invariably terms it.

Jekyll and Hyde.

This wonderful play will be presented here on Wednesday.

The New York World says:

The climaxes of every act in Mr. Bandmann's "Dr. Jekyll and Mr. Hyde" are startling. The audience last night burst into enthusiastic applause as the curtain fell. Mr. Bandmann was rapturously called and there was nothing wanting to show that the actor has scored an undeniable popular hit.

Every time the audience felt the change from Jekyll to Hyde was coming—and Bandmann made them feel it—there was complete silence. The transformation took place before their eyes a little too daringly perhaps.

How Mr. Bandmann manages to effect the awful asthmatic wheeze which follows each of Hyde's expirations it is hard to imagine. He seems to take it for granted that the villain has bronchial trouble, which is certainly a novel addition to the attributes of weirdness. Besides the asthmatic wheezing, he bellows, crawls, crouches, grins and chuckles. His hair is matted, his teeth are huge, discolored and prominent, his complexion is yellow and he is flooded with a green light.

Hyde is a conspicuous figure of Bandmann's version, and it is Hyde whom the people want to see.

It Pays.

"So, you have got a wife?" was asked of a newly married man.
"Don't know, don't know," he replied with some hesitation.
"Sometimes I think I've got her, and sometimes I think she's got me. You see, we have only been married a short time. But when she goes out shopping, we always agree to buy everything we need at Olcovich Bros., all the way from what we eat at breakfast to what we wear when we go out in the evening, and my friend" he continued. "it pays."

Syrup of Figs.

Is Nature's true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. For sale by George C. Thaxter, agent Carson. jan1

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

New Wheeler & Wilson, No. 9.
Sewing Machines to rent.

Machine oil, needles and attachments.

At Fine & Summers', Main St., opposite the Depot. may4, 1m

—The St. Charles has got a new coat of paint and paper and looks like a new house.

Carson Valley to Have a Boom.

The last leg of the emigration caravan has not yet arrived, but it is expected to arrive in the near future. The Carson Valley people are seeding this state of affairs have gone to work on their own hook, and started an emigration bureau of their own and have hired men at work in the East forming colonies, and the owners of large tracts of land such as M. Cohn, and F. Dangburg intend cutting their large tracts of lands into farms to suit the buyers at low rates.

Most of Nevada's people are ignorant of the cause of all the emigration passing through our State and going to California, and those that come to this Coast by the Northern or Southern routes were scared by the California land boomers, by being told that Nevada's climate was unhealthy and cold that the thermometer went as low as 30 to 40 below zero, and the snow was 7 feet deep, and that we shoveled snow four or five months in the year, in some cases people that were sick and started for this State were told that if they came here they would die in no time and were sent to Los Angeles and other places and were confined to their beds for months until they learned the truth and they then came to Nevada and got well as now East booming our State, with their own money and they have lots of it.

We may look for a boom in the near future.

Left Our Employ.

Last week having political business in Winnemucca the editor of this journal gave Major John Dennis a place on the APPEAL tripod that he might get recognition in the community and be enabled to buy a new hat. He repaid our trust by Phoenixing our paper and preaching the heretical doctrines of free trade in its most offensive form. This man Dennis is now no longer in our employ, and people are warned against loaning him large sums of money because of his supposed connection with this journal.

He can be readily recognized as a bald-headed man with a red face and a disposition to stop well dressed people on the street and revive thread-bare discussions of the better days of Bourbonism.

Carries bad cigars takes about three fingers of red eye, and poses as a tariff reformer of the Carlisle School.

Any persons finding him round loose, will confer a favor on this office by giving him the go by.

The Boca Homicide.

A coroner's jury at Truckee has held Wm. Keys responsible for the death of John Payton, who was shot at Boca last week. The testimony adduced showed that the killing was nothing more nor less than cold-blooded murder.

Payton's dying statement reads as follows:

I, John Payton, depose and say that on the night of May 8th, 1888, that William Keys made a drive at me, and hit me with a pistol in the face, cocked it and hit me in the face, then drew pistol, cocked it, and put it to my belly and fired, shot me. Had not any words with him, he began trouble, then clinched with him after discharge of pistol. Phil McGinley was with me at the time.

(Signed)
J. PAYTON.

Civil Service Reform.

The Mint was almost deserted yesterday. The force was busily employed in Virginia protecting the Administration from adverse comments by its supporters. It would never do to make the authorities mad just now. Had some of the enthusiastic members been allowed to see the Republican resolutions, how the Mint doors would have creaked in echo to the stormy expressions of disapproval which would have been forced into combination of relics and imitations, which was adopted.—Enterprise.

An Elegant Substitute

For oils, salts, pills, and all kinds of nauseous medicines, is the very agreeable liquid fruit remedy, Syrup of Figs. Recommended by leading Physicians. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. For sale by Geo. C. Thaxter, Agent.
